

Kaleidoscope *Collection*

Over 500 kaleidoscope style foundation blocks for EQ5 and EQ6

EQ's very Whirly...swiry...so easy to sew. The Electric Quilt Company announces the release of Kaleidoscope Collection by Andrea Bishop—a block library of 500 foundation blocks to install right into EQ5 or EQ6.

- **Easy to install** - The CD installs these blocks right into the EQ5 or EQ6 Block Library so you'll be using them in seconds.
- **Over 500 blocks** - Huge variety of styles: Stars, compasses, pinwheels, flowers, eight-pointed stars and more.
- **No drawing skills required** - These blocks are ready to recolor and set into layouts in EQ5 or EQ6. Enough blocks for hundreds of projects with no block used twice!
- **Print any size** - These "sew-fast" foundations are pre-numbered and ready to print from EQ5 or EQ6 in ANY size.
- **Easy to sew** - Each block has 8 precisely marked units, making even the most complex blocks easy enough for beginners. Sew each unit. Join the units and the block is done! Or skip sections as you sew to simplify your unit.
- **Creative to design with** - Enlarge for medallions, group for samplers. Any combination works together perfectly. Perfect for use with EQ6's new Rotate Fabric tool.
- **Two corner styles for variety** - Choose from star point corners or square corners—each produces a different secondary design.

Andrea Bishop is a well-known EQ staff-member, the EQ Webmaster, and a designer who knows EQ5 and EQ6 inside and out.
